SBAP Friends With Benefits

Like most non-profit organisations **Still Bay Animal Protection** raises funds via several methods be it raffles through to jumble sales. Historically this has been fine but our regular operating costs such as medicines and our animal ambulance have rocketed and quite frankly, we are struggling to keep our heads above water some months!

With the above in mind, we have come up with **Friends With Benefits** that we hope will enable us to raise funds but also offer you some worthwhile benefits and you can also be safe in the knowledge that all monies raised go directly to animal welfare!

How will you benefit? Well, apart from the knowledge that you are helping us to help those without a voice, we offer benefits for each level. The Silver option is R75 per month and offers nail clipping free once each month – This can save you at least R100 per month against normal vet fees and of course ensures that your dogs is as healthy as can be!

All monthly payments are via Bank Stop Order as it is cheaper for both you and for us plus we don't need to vary the amount we request each month. It also puts you in full control.

The benefits are set out below for each of our two main options with extras. Please email friends@sbap.co.za should you need something that might fall outside of our offerings!
